

## EMMA CARUS CALLS THEM 'DILONAIRES'

Famous Comedienne Tours Tulsa; Says It Is "Extraordinary."

Oilonaires!  
Ever hear of it before?

Course you didn't because it never was invented until yesterday when I fell from the lips of Emma Carus after she had finished "seeing Tulsa" and had been asked for an opinion regarding the people she had seen. She picked one word to describe the city as she saw it and that was "extraordinary." The word she said it, though, expressed a great deal more clearly than it could ever be made to look in cold type.

"I wanted to come here badly," said Miss Carus, "because I've heard so much of Tulsa and all of it has been good." Miss Carus arrived in Tulsa to begin a three-day engagement at a local theater Sunday night. She was late in arriving but the crowd waited patiently throughout an entire show and then gave her an ovation such as never before had been tendered to an artist in the same theater.

She radiates that vague word known as personality. She can sing, but her art is really in knowing "how to put over a song."

"There has been a dearth of good songs, that is the kind I use, for several years, but I'm happy to say that good music has never before been so prolific as at present and the field is filled with good writers," declared the comedienne.

"This is the smallest city I have ever played during my career but I'm awfully glad that I have been able

to come here and see Tulsa, judging from what I have seen of the people they like me and I like them. Say that for me, will you?"

## DENY EXECUTION OF GERMANS

Canadian Government Says Persons Cannot Be Shot There For Treason.

OTTAWA, April 10.—Official denial was made today by J. W. White, inspector of immigration agencies of the Canadian government, that William and Louis Schindler of Iowa had been executed or condemned as spies at Camp Sisk, on March 24. Mr. White said that the story was not only untrue but that such an execution or sentence would be impossible as persons were not being shot in Canada for treason or any other reason.

A. Bruce Walker, Canadian government immigration commissioner, acting in behalf of the Canadian department of the interior, Mr. White said, investigated the report to discover its source and reported that there could not have been any grounds for it. "Canada has not heard any talk to find with German immigrants," he said.

## CHARGE DETECTIVE HERE WITH MURDER

L. W. Bewley to Be Given Hearing as Result of Colson Killing.

City Detective F. W. Bewley was formally charged with murder in an information sworn to by the county attorney Saturday, and was arraigned in the justice court of Lee Daniel. He pleaded not guilty and gave bond in the sum of \$5,000 for his appearance when his preliminary hearing is held next Saturday. Attorney Pat Malloy has been retained by the defendant.

This unfortunate affair is the outcome of Bewley shooting Frank Colson, who is said to have attacked the officer with a fist and a tin pad, while resisting arrest on the morning of Sunday, April 2. It is thought Bewley will be held blameless in the matter when the true facts are brought out in court.

A large number of witnesses have been subpoenaed, and the hearing probably will require considerable time.

## J. PLUVIUS HAS AN INNING.

Stops Extension Work on New M. O. & G. Railroad Near Commerce.

Special to The World.

COMMERCE, Okla., April 10.—The wet weather of the past month has stopped work on the extension of the M. O. & G. railway from Miami through Commerce to Tar river. Work has already been commenced on the new station at Commerce. Direct shipments of ore can be made when the road is finished into Miami and the Miami freight rate obtained, which will cut the present rate considerably. Switches are being placed at all the important mines and the road runs through the center of the entire district.

## Reserves Decision.

NEW YORK, April 10.—Federal Judge Mayer today reserved decision on a motion for a separate trial for Paul Duesche, who is under indictment with Robert Day and Walter Schultz and three others, charged with conspiring to blow up ships carrying munitions to the entente allies.

## POSSE HUNT WOODS FOR NEGRO SLAYER

On Trail of Desperado Who Deliberately Shoots, Fatally Wounding Two.

ALEXANDRIA, La., April 10.—More than a hundred armed men are scouring the woods in the vicinity of Alexandria and Miltonberg for Ransom Lewis, a negro, who early this morning fatally shot E. M. Martin and probably fatally shot Jack Elzarth, well known white men, at Miltonberg. Martin and Elzarth were employed at a sawmill at Miltonberg as engineers and were at work when the negro entered and ordered them to "cut out" the noise they were making with their engines. When his order was not complied with Lewis opened fire on them with a shotgun, firing nine shots, several of which took effect.

The negro then took to his heels with many of the sawmill men in full pursuit. Others went to get guns to arm the entire force of a hundred men at the mill and this force is now scouring the woods for Lewis.

Sheriff David was notified by long distance telephone and he immediately organized a posse and also went in pursuit. It is not known here whether the two posses have combined or not. Up to a late hour this afternoon the negro had not been captured.

The wounded men were brought to Alexandria and placed in a hospital where Martin died this afternoon. He was about 30 years old. Elzarth, aged about 38, is not expected to live.

## Democratic Clans Meet for Powwow

(Continued From Page One.)

should be seated. It is not difficult to predict which one of the delegations will be recommended. Then this will start a fight, it is predicted, that will be carried on to the floor of the convention.

## Contest Chairmanship

The temporary organization will also be recommended to the state committee. The Wade men will present the name of Judge Preston S. Davis of Vinola for temporary chairman and the Lafayette men that of J. R. A. Robertson of this city.

The lone contest from Tulsa county may be a larger proposition for the convention to handle than appears on the face tonight. The matter was brought up informally before the state committee at its meeting this afternoon. E. L. Mitchell, representing one of the delegations, stated to the committee that it was of vast importance to Tulsa county Democracy which was the dispute was settled. He did not offer a formal motion to the effect, but suggested that the best way would be to recognize both delegations and give them a half vote each. This was met with many "noes." It was stated that the delegations would not arrive until morning.

## Lost Tulsa County

"Governor Williams lost Tulsa county by seven hundred votes two years ago," said Mr. Munroe, "and the Republicans won Tulsa by eleven hundred in an election a few days ago. I don't want to see the breach any wider. We want a square deal relative to these contesting delegations," he said. The main fight of the convention, however, will come in the balloting for national committee.

men. With 554 delegates not instructed the contest will be hot from the start.

Lafayette men are placing great store by the 554 uninstructed delegates to the convention which will be staged at 10 o'clock tomorrow morning. As the contest stands now Wade men are claiming three hundred and fifty delegates pledged. Lafayette 236 and there are 554 uninstructed. Much depends upon the temporary roll call which will decide what delegations should be seated, there being several contests. Then there comes the other question, will the convention credentials committee follow out the executive committee's action in the matter of seating delegations from the contesting counties?

Wade supporters have practically agreed upon Judge Preston S. Davis of Vinola for temporary chairman of the convention and George Shaw of McCurtain county as vice. Higinbotham of Alfalfa county for temporary secretary. Lafayette men have not mentioned their choice for the temporary organization.

## Fight Brings Out Lineup

The fight between Lafayette and Wade has brought out the lineup against Governor Williams is revealed more distinctly than ever. Ex-Governor Cress and a number of the applicants under his administration are identified with the Lafayette crowd and could be found at his headquarters during the day receiving callers. While there are a number of state officials and their appointees who are in the Lafayette bandwagon, or rather the J. R. A. Robertson band wagon for governor, for that is what it is, they were not conspicuously absent from their duties in the state house.

Wade men claim there is no possible chance for him to be defeated with the lineup they now have. Yet they do not dispute the fact that three hundred and fifty delegates out of 1126 will not cinch anything. The Lafayette men have always depended largely upon the uninstructed delegates coming to the convention. In fact they have claimed that just because they were uninstructed portended a Lafayette victory.

## Dark Horse Up.

The latest development, however, is the dark horse. This story comes from Lafayette headquarters and indicates the only move toward a compromise by the Lafayette men. It may be said to be their only sign of uncertainty for Lafayette. It is proposed, however, that if it is found that Lafayette cannot win, and the contest takes on any sign of a deadlock, that a west side man will be proposed, in which it will be the intention to carry the convention off its feet. The west side man is State Senator E. L. Mitchell, president pro tempore of the senate. He lives at Cheyenne, in Roger Mills county.

Several members of the legislature, who do not take cheerfully to the governor's action in getting into the race of the national committee, are not satisfied and they are fighting Wade probably more on the governor's account than they are opposed to Wade. This condition of affairs is going to make the convention as a whole interesting, although after it is all over, the usual resolutions endorsing the state administration will be unanimously adopted.

## Send 10 Delegates.

It was practically settled today that forty delegates with a half vote each would be sent to the national convention instead of twenty, the state's regular apportionment. This would give a larger representation. It is understood that one delegate at large would be selected from each congressional district, and that each member of the congressional delegation would be a larger representation. This is the plan being discussed more than any other, and it would, if judiciously enforced, soften the feelings of the man who is defeated for national committee.

## Rock Island Road

May Traverse New Oklahoma Section

Rumors Have It That System Is to Inaugurate Line Through Pontotoc County.

Special to The World.

ADA, Okla., April 10.—It is generally rumored in Ada that the Rock Island road is planning to extend its Asher line to Ada and then go south and connect with its other line at Wapameka. According to the rumor, the new railroad will pass through the inland towns of Adams, Rebec, Frank, Pontotoc and Connersville. It will traverse some of the finest farming land in the eastern part of the state. Between Pontotoc and Connersville it will cross the Blue river at its most favorable part for a power plant.

Just how much foundation is to this report cannot be ascertained. There are a number of reasons to object for the rumors to be well founded. The Rock Island would naturally want to get into the oil and gas fields of this county. In addition it would like to have a part of the heavy tonnage of freight that leaves Ada. But mainly it would open a part of the farming country of this part of the state that bids fair to become one of the famous farming regions of the southwest.

From Ada south the road would twist through valleys that make from two thousand to three thousand pounds of wheat to an acre. The hills lands are fast becoming the home of large bunches of growing live stock. The lowlands of Blue river are as fertile as the richest parts of the Mississippi delta region.

## DEMOCRAT IS REGISTRAR.

S. C. Fullerton Gets Busy After Assuming New Duties.

Special to The World.

MIAMI, Okla., April 10.—S. C. Fullerton, prominent attorney and mine owner of Miami, has been recently appointed county registrar under the new law. Mr. Fullerton is a Democrat. Mr. Fullerton is already busy selecting precinct registrars so that the registration, which is from May 1 to 10, will go ahead without any trouble or hitch.

## Charters Issued.

OKLAHOMA CITY, April 10.—Secretary of State J. L. Lyon has issued the following charters to corporations: Hendrix Motor Car company, Muskogee, capital \$25,000; incorporators G. G. Hendrix, Mary E. Hendrix, Irene Hendrix, Muskogee.

Black Drilling & Development company, Okmulgee, capital \$5,000; incorporators E. B. Black, C. B. McCrory, H. E. Kennedy, Okmulgee.

Heal Manufacturing & Supply Co., Sand Springs, capital \$45,000; incorporators Claude W. Harmon, C. W. Hegberg, Ross Dingman, Sand Springs.

Jennings Development company, Jennings, capital \$25,000; incorporators E. B. Ham, B. A. McFarland, G. E. McElroy, Jennings.

## Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls, with pale, muddy complexions; instead of the multitudes of "nervous wrecks," "run-downs," "brain fags," and pessimists we should see a virile, optimistic throng of rosy-cheeked people every-where.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons. Thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nervous breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

## ACHES AND PAINS

Don't neglect a pain anywhere, but find out what causes it and conquer the cause. A pain in the leg, for example, may put you on your back tomorrow. Don't blame the weather for swollen feet, it may be an advanced warning of Bright's disease. A pain in the stomach may be the first symptom of appendicitis. A creak in a joint may be the forerunner of rheumatism. Chronic headaches more than likely warn you of serious stomach trouble. The best way is to keep in good condition day in and day out by regularly taking GOLD MEDAL HAARLEM OIL Capsules. Sold by reliable druggists. Money refunded if they do not help you. Beware of substitutes. The only pure imported Haarlem Oil Capsules are the GOLD MEDAL—Adv.

## Clears Away Pimples

There is one remedy that seldom fails to clear away all pimples, black heads and skin eruptions and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is safe, clean, easy to use and dependable. It costs only 25c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. Zemo, Cleveland.

## HIGH SCHOOL "Y. M." WILL ELECT TODAY

To Select Officers for Next Year Following an Established Custom of That Institution.

At a special business meeting of the high school Y. M. C. A. this afternoon, officers for next year will be elected and general plans for the next two semesters made. This is the custom of the organization, giving the new officers a chance to pick up the thread from the present officials during the remainder of the year. The practice adds to the effectiveness of the association.

The Y. M. C. A. is the strongest organization in the high school and it has been established several years and was a working unit before the city Y. M. C. A. was dreamed of. The leaders in it always have been head men of the high school and a great work is wrought, especially among the new fellows who receive their first impression of high school from it instead of from other influences.

## FIND GOOD ORE NEAR CARDIN.

Blue Jacket Company Successful in Eight Instances.

Special to The World.

MIAMI, Okla., April 10.—The Blue Jacket Mining company, composed of local men, who are working on their claims east of Cardin, report the finding of a good ore. Eight drill holes have been put down and ore

found in each hole, and in the last hole tip ore was found at seventy feet. Drilling was continued down to 225 feet before barren ground was struck. A 6x7 shaft is now being sunk and the lease will be pushed to production just as fast as possible.
